

ESH O.

Pre-treatment and after care advice for your appointment.

Treatment name: Hydrafacial

Product used: Hydrafacial

Treatment aim: The HydraFacial treatment starts with cleansing by removing the dead skin cells and excess sebum from the skin. ... Then, the HydraPeel Tip is used to essentially vacuum out blackheads, dirt, oil, and impurities, while hydrating, plumping, and nourishing serums are simultaneously applied to the skin

Numbing: not necessary

Pre-treatment advice:

Can I drink alcohol before my treatment appointment?

There are no restrictions on drinking alcohol before or after this treatment.

Can I wear make-up to my treatment appointment?

We do request that patients come to their appointment with minimal make up to the areas that are going to be treated.

What medical history is required?

Any previous medical and cosmetic/aesthetic procedure history.

Current regular medications.

Any allergies.

If you suffer from cold-sores.

Can I have treatment if I suffer from cold-sores?

At the ESHO Clinic we advise cold-sore sufferers to take Acyclovir tablets seven days before their treatment appointment to prevent an outbreak.

If you have a cold-sore we CANNOT treat you, please contact the customer service team.

How soon after treatment can I travel or fly?

There are no restrictions on flying after this treatment.

Post-treatment advice:

Avoid touching the treated area.

Please don't apply make-up or products to the area.

Avoid extreme heat like saunas, steam rooms and sunbeds for two weeks.

What changes to my lifestyle should I make to get the most out of my skin treatments?

Apply a good SPF 30+ everyday especially while in a hot sunny climate.

Avoid the use of sunbeds. (if applicable)

What can I do to help maintain and enhance my treatment results?

Keep hydrated – at least 1.5-2 litres of water a day

Avoid extreme heat – saunas, steam rooms and sunbeds

Contact us if you experience any of the below:

If you are concerned about any swelling, pain, redness. Please email patientcare@eshoclinic.co.uk with photos to be assessed by one of our doctors.

If you have a fever, temperature, flu like symptoms, vomiting or any signs of possible treatment infection please phone our emergency phone line and one of our doctors will urgently assess you.

If you have any signs of allergy, itch, rash, wheeze, shortness of breath – contact 999 as you will need urgent medical treatment – this is very rare and most likely to occur while you are still in clinic.

If you do have any concerns please contact bookings@eshoclinic.co.uk or patientcare@eshoclinic.co.uk detailing your concerns and we will be more than happy to help you.

Review policy:

Every patient is entitled to a review appointment 14-21 days after treatment. This is free of charge and an opportunity to ensure that you are satisfied with the treatment you have received. Existing patients will not be offered a review upon booking unless their treatment type differs from that in their patient history or is specifically requested by the patient. It is mandatory for patients who have a review appointment booked and do not wish to attend, to provide us with 7 days notice if they wish to cancel the appointment. Failure to do so will result in a £50 charge to cover the time allocated in clinic for the review appointment. If you have not booked your review and wish to have one, please contact bookings@eshoclinic.co.uk and the team will be able to arrange one for you.

We look forward to seeing you at your appointment
